Language qualifications	
Main language of study	In the application form, exchange students are asked to choose either English or Japanese as the main language of study at YCU. The recommended proficiency in each language is as shown below.
English Language criteria	To take English-taught courses, the minimum English level of TOEFL-iBT 61 or IELTS 5.5 or its equivalent (CEFR B2 level) is recommended.
English test certificate (scores)	There is no need to submit the English test scores to YCU. Instead, we request the International Office of each partner institution to select the candidates who satisfy the above criteria and ensure that nominees have good command of English.
Japanese Language criteria	<p>If students want to take courses taught in Japanese, the following level of Japanese is required.</p> <p>(A) Japanese Language Proficiency Test (JLPT) - N2, or            (B) TTBJ (SPOT90 Test total score) - 70 points or higher</p> <p>Note:            (1) TTBJ is "Tsukuba Test Battery of Japanese", which is an internet-based test to measure Japanese ability.            (2) SPOT90 (Simple Performance Oriented Test) is one of the components of TTBJ with the full score of 90 points.</p>
Japanese test certificate (scores)	If a candidate has a JLPT certificate, it must be submitted as part of the application documents.

Immigration Requirement for Student Visa	
Required steps to apply for the COE and Japanese student visa	<p>Exchange students are guided to follow the procedures below to apply for the COE and student visa.</p> <p><b>STEP 1: Application for COE (Certificate of Eligibility)</b>            Students fill out "Application for Certificate of Eligibility (COE)" and send it to YCU.</p> <p><b>STEP 2: Issuance of COE by Immigration Agency</b>            YCU will review the Application for COE and submit it to the Immigration Services Agency (ISA) of Japan under the Ministry of Justice. If approved, ISA will issue digital COEs for individual students and send them to YCU International Affairs Office.</p> <p><b>STEP 3: Application for Student Visa</b>            YCU will send digital COEs to each exchange student by email. Students then submit their applications for student visa, along with the COE and other required documents, to the Embassy of Japan or the Consulate-General of Japan located in your home country or in the country your university is located. Normally, the student visa will be issued within 5 business days from the date of application.</p>
What is Certificate of Eligibility (COE)?	The Certificate of Eligibility (COE) is a pre-approved document for obtaining a student visa to study in Japan. The Ministry of Justice of Japan through ISA certifies in advance that exchange students conform to the conditions of Immigration Contral Act and therefore are eligible for the student visa.
Students with dual nationality or Japanese nationality	<p>If a student has dual nationality of Japan and other country, cautions must be taken for potential (and sometimes sensitive) legal issues which may arise upon entering Japan regarding the continuity and effectivity of either of your nationality. The possible risks will depend on the immigration laws of the country of student's nationality. Also, dual-nationality will affect the eligibility of university-arranged dormitory.</p> <p>YCU is not able to give any advice regarding which passport should be used to enter Japan. The decision should be made by the individual students based on their own research and consultation with their family.</p> <p><u>Any exchange nominees who are Japanese-passport holders are requested to notify the YCU International Affairs Office as early as possible before or during the application process.</u></p>

Study and Credit Information	
Schools that accept exchange students	<p>The following four schools of YCU will accept the exchange students.</p> <ul style="list-style-type: none"> <li>● School of International Liberal Arts</li> <li>● School of Economics and Business Administration</li> <li>● School of Science</li> <li>● School of Data Science</li> </ul>

Year of school to be placed	Regardless of the year of study at the home institution (i.e. undergraduate or postgraduate), all the incoming exchange students will be technically (on paper) placed as the second year (sophomore) of each school's undergraduate program. Exchange students can freely take any undergraduate courses offered by other schools (except the courses hosted by the School of Medicine).		
Language of Instruction	Japanese or English		
Japanese language-learning program	A variety of Japanese-learning classes, from beginner to advance level, are open for international students as regular courses with credits. They are popular to exchange students not only for learning the Japanese language and culture, but also for meeting with other students, socializing and networking.		
YCU Credit system and definition	<p>In YCU credit system, 1 course (1.5 hours class per week) for 1 semester (15 weeks) is equivalent to 2 credits. (Note: This rule has an exception in some of the Japanese language-learning courses where 3 hours of class per week is counted as 2 credits.)</p> <p><b>Definition of 1 credit:</b>  One Japanese credit (1 Japanese credit) represents 45 hours of study (including self-study). This "45 hours" consists of the following components depending on the type of the courses.</p> <ul style="list-style-type: none"> <li>● A lecture course should make up a total of 15 contact hours, with the remaining 30 hours dedicated to self-study.</li> <li>● Experiments, practical training, and language courses should make up a total of 30 contact hours, with the remaining 15 hours dedicated to self-study.</li> </ul>		
Study load and minimum requirements	<p>Japanese Ministry of Education, Culture, Sports, Science and Technology (MEXT) has a guideline that foreign students should secure minimum 10 hours of study per week to maintain the student visa status.</p> <p>Based on this guide, <u>YCU requires exchange students to register at least 5 courses per semester even if students' home universities have pre-approved fewer courses.</u> This rule should be well understood by both the International Office and students as a condition to grant admission.</p> <p>As a result, usually we recommend the exchange students take 5 to 7 courses per semester, which are approximately equivalent to 10 to 14 credits (450 to 630 hours of study).</p> <p>Some students register for more than 7 courses depending on individual needs. The maximum number of credits a student can take in one semester is 24 credits (representing 1,080 hours of study).</p> <p>Concept of "full time" or "full workload":  We do not have a concept of full time or full workload. Please follow the guidelines above.</p>		
Grade and GPA system	Grade points (GP) will be assigned to the grades of SA, A, B, C, and D. The scale of grades, scores and grade points (GP) are as indicated below.		
	<b>Grade</b>	<b>Score</b>	<b>Grade Point (GP)</b>
	SA	90 – 100	4.0
	A	80 – 89	3.0
	B	70 – 79	2.0
	C	60 - 69	1.0
D (FAIL)	59 and below	0.0	
Transcript of records	<p>Official Transcripts in Japanese will be available for free by the Automatic Certificate Issuing Machine at the Academic Affairs Division. The students can also view the transcript record and GPA through the online YCU-Board System.</p> <ul style="list-style-type: none"> <li>● Fall semester transcripts (in Japanese) : available in early March</li> <li>● Spring semester transcripts (in Japanese): available in early September</li> </ul> <p>Official Transcripts in English can be issued about 2 to 4 weeks after the Japanese version comes out, due to processing time for English translation to be done by the Academic Affairs Division. The official English version will be sent in digital format (PDF file) to International Office of home institution with cc: to the students.</p> <p>If a student needs a hard copy (paper form) of the transcript to be sent by postal mail, a written request should be made to the International Affairs Office of YCU.</p>		

Course list and syllabus	<p>A list of 2026 Spring semester courses to be taught in English is under preparation. Students are advised to refer to the 2025 Spring semester course list, as it will be almost the same as the previous year with minimum changes.</p> <p>Please refer to the course lists for both 2025 Spring and 2025 Fall semester in the F-Share URL below.</p> <ul style="list-style-type: none"> <li>● 2025 Spring Semester courses with syllabus link</li> <li>● 2025 Fall Semester courses with syllabus link</li> </ul> <p><a href="https://f-share.yokohama-cu.ac.jp/public/5eZhwTXN5wzT7Lx4c7yt1f7GCXWzJSU7PCMEb0Xki7VT">https://f-share.yokohama-cu.ac.jp/public/5eZhwTXN5wzT7Lx4c7yt1f7GCXWzJSU7PCMEb0Xki7VT</a></p> <p>To see the syllabus of Japanese-taught courses, please go to the YCU-portal for syllabus search. <a href="https://cmweb.yokohama-cu.ac.jp/campusweb/slbsskqr.do">https://cmweb.yokohama-cu.ac.jp/campusweb/slbsskqr.do</a></p> <p>Most of the courses are "2 credits" per semester (except for some Japanese language-learning courses).</p>

Accommodation	
University-arranged dormitory	<p>YCU guarantees accommodation for exchange students in accordance with the numbers stipulated in each student exchange agreement. Despite the questionnaire results, please note that we cannot guarantee that students' preference will always be met due to the availability of rooms and other factors.</p>
Cancellation fee before and after moving-in	Generally, we do not assume dormitory changes or cancellations after signing agreement by a student. However, if any cancellation occurs before moving-in or during the middle of occupancy, students will be charged cancellation fees.
Observing house rules and eviction policy	Please note that students may be asked to leave the dormitory at any time if they do not follow the rules of living in each accommodation.

This should be understood by the home institutions as a condition of nomination.</p>
YCU Guidelines for Requesting Reasonable Accommodation and/or Medical Support	<p>Exchange students who require reasonable accommodation or any type of medical support should carefully read and follow “<b>YCU Guidelines for Requesting Reasonable Accommodation and/or Medical Support</b>”. Notice and consultation with YCU by International Office of Home University	<p>We request our partner institutions to check, by the time of nomination, if the nominee students require reasonable accommodation or medical support in Japan. YCU needs to receive official documents from the International Office of partner institutions to process the students' request.</p>
Disability Information and Support Office (DISO) of YCU-HMC	<p>YCU has Disability Information and Support Office (DISO) in the Health Management Center (HMC). DISO is a specialized unit which plays a pivotal role in supporting students who need special assistance of reasonable accommodation. The Office operates Barrier-free Support Committee and makes all the necessary coordination with other committees and relevant faculty members.</p>
Requested items for approval	<p>Exchange students and the home university should provide the documents:</p> <ul style="list-style-type: none"> <li>- Request for Reasonable Accommodation by students (Form-RRA)</li> <li>- Request for Medical Support by students (Form-RMS), if applicable</li> <li>- Medical certificate (diagnosis) of the disease and opinion issued by primary (family) doctor</li> <li>- Documents or statements that explain the contents of reasonable accommodation currently received at the home university</li> <li>- Official Request Letter from the home university about reasonable accommodation</li> <li>- Characteristics and main symptoms of disorders and diseases, and academic problems associated with these</li> <li>- Disability Information and Support Office Consultation Application Form (set by DISO)</li> </ul>

<p>How to bring (import) medicine and medical equipment to Japan for personal use</p>	<p>Students who will bring medicine and specialized medical devices into Japan for their personal use must obtain an import permit from the Japanese Ministry of Health, Labour and Welfare. Each student will be responsible for applying for the permit with the Ministry's portal:</p> <p>APPLICATION FOR IMPORT CONFIRMATION (医薬品等輸入確認情報システム)  <a href="https://impconf.mhlw.go.jp/aicpte/page/login.jsp">https://impconf.mhlw.go.jp/aicpte/page/login.jsp</a></p> <p>For further details, please refer to "YCU Guidelines for Requesting Reasonable Accommodation and/or Medical Support".</p>
<p>Students who have chronic or rare diseases but do not need reasonable accommodation</p>	<p>YCU has experience of accepting exchange students who have chronic diseases (e.g., diabetes) or rare diseases but do not require reasonable accommodation. They often need to import a large quantity of medicine or specialized medical devices (e.g., insulin pumps) into Japan and also required to see a Japanese doctor to obtain the doctor's prescriptions to purchase non-generic drugs sold in Japanese pharmacy.</p> <p>In order for YCU to support these cases, we request exchange students who have chronic diseases, rare diseases or other functional impairments to fill in and submit the Request for Medical Support by students (Form-RMS).</p>

### Event of introducing the home university

<p>Outline of Event</p>	<p>Semi-annually, YCU organizes an event where exchange students give a presentation to introduce their home universities and their culture to YCU students who are interested in studying abroad. We hope that exchange students will be able to join this event, since it is a good opportunity to meet Japanese students interested in students' home countries.</p> <p>For details, please refer to the reference material: <i>Invitation to the event of introducing your home university to Yokohama City University (YCU) students</i></p>
-------------------------	---

### Health Insurance / Damage and Liability Insurance

<p>Insurances</p>	<p>To cover your health insurance, there are two ways:</p> <ul style="list-style-type: none"> <li>- Japanese government's mandatory National Health Insurance (NHI)</li> <li>- Other private or non-private overseas travel/medical insurance purchasable in students' home country</li> </ul> <p>Japanese government has <b>mandatory</b> National Health Insurance (NHI), and all students are obligated to join this scheme. The NHI scheme generally covers 70 percent of the medical treatment expenses at a hospital or clinic. After arrival in Japan, on the day of academic orientation, YCU will give students guidance and explain how to fill out the application form for NHI coverage. Students will submit their applications to the Ward Office of residence.</p>
<p>Other health insurance</p>	<p>Students are also free to apply for any private or non-private overseas travel or medical insurance sold in home country before departure. If you wish, please seek advice from the International Office of your home university.</p>
<p>Damage and liability insurance</p>	<p>It is recommended (non-mandatory) to have damage insurance, personal accident insurance or liability insurance. YCU recommend students to consider insurance called "Gakkensai" in Japanese, which covers injuries, accidents, damages etc. occurred during education and research activities. You can apply for it at YCU after arrival in Japan.</p>

9\_Application for Certificate of Eligibility  
(EXCEL file only)

**Be sure to send this application file to YCU in the original EXCEL format.**

**PDF files will not be accepted.**

As the first step of the Japanese immigration procedures, YCU will collect and submit the Application for Certificate of Eligibility to the Yokohama District Office of the Immigration Services Agency of Japan (ISA) under the Ministry of Justice.

There are 3 sheets to be filled out by students.

To each application sheet, "sample" sheets are attached for your reference for how to fill out the form. In addition, there is another explanation on "How to fill in No.28", which gives detailed guidance on how to answer the question No.28 and what kind of supporting evidence is required by the ISA.

Please go over these 7 sheets thoroughly to complete the Application.

The ISA is highly strict on documentation regarding its formality and correctness of what is written. Every year, we receive comments from ISA if any part of the application is incomplete. Please make sure that every instruction in this form is observed.

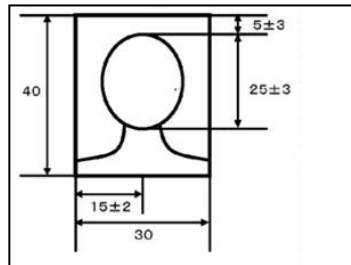

Your name (Family name and Given name) should be provided in alphabet as written in your passport.

**【Advice on your ID Photo for successful application】**

Every year students have problems in the student's ID photo. Many students take self-portrait pictures (selfies) using smartphone, but **selfies are regarded as incomplete and unacceptable by ISA**, because they do not satisfy the criteria of its newness, clarity, background, facial direction, shadows etc.

The website of the ISA gives strict specification of the ID photo and states: "*If an application is submitted using an inappropriate photo that does not meet the specified standards, we will ask you to retake the photo.*"

**Specified standards of ID Photo**

- 1 Photo size 4cm long, 3cm wide
- 2 Photo taken only of the applicant
- 3 The dimensions of the part excluding the edges meet the dimensions shown in the diagram on the left. (Face dimensions are from the top of the head (including hair) to the tip of the chin)
- 4 Without a hat and facing forward
- 5 No background (including shadows)
- 6 Something that is clear
- 7 Photographs taken within 6 months prior to the date of submission

**The ISA's website shows examples of both acceptable and unacceptable ID pictures. Please be sure to browse this web page to get a concrete idea about acceptable pictures.**

10\_Photocopy of Passport (ID page)

Please send the photocopy of your passport ID page in any digital format.

**Note for those students who have dual nationality.**

- (1) Please send the photocopy of the passport which you plan to use for entering Japan.
- (2) If you have dual nationality of Japan and other country, please be careful about any potential legal issues which might arise regarding the continuity and effectivity of either of your nationalities.
- (3) YCU cannot give any advice regarding which passport should be used. The decision must be made by the individual students based on their own research.
- (4) If you are a Japanese-passport holder, please notify the YCU International Affairs Office and also send the photocopy of it.  
(Send email to: [exchange@yokohama-cu.ac.jp](mailto:exchange@yokohama-cu.ac.jp))

11_Bank Balance Certificate in English	<p>ISA needs to verify that the student has sufficient financial capacity to bear living costs in Japan. The certificate of bank balance should prove that the expected monthly expenses for the study period can be covered. Although ISA does not clearly disclose its evaluation criteria on how much balance should be enough to issue COEs (as it will depend on individual cases), YCU has a certain benchmark figure as below.</p> <p style="text-align: center;"><u>Minimum bank balance generally recommended:</u></p> <p style="text-align: center;">-For one-semester study: JPY900,000 or its equivalent -For one-year study: JPY1,800,000 or its equivalent</p> <p>If a student will solely support himself/herself out of the student's own pocket, please submit the student's own bank balance certificate. If a student plans to be supported by the family members, relatives or other third-party person(s), the bank balance certificate of such a financial supporter (i.e. the bank account holder) needs to be submitted.</p> <p>The eligible certificate should satisfy the following conditions:</p> <ol style="list-style-type: none"> <li>1) Officially issued by a bank as paper form (<u>online screenshots are not acceptable</u>)</li> <li>2) Clearly show the name of the bank account holder</li> <li>3) Written in English (or local language with English translation attached)</li> </ol> <p>If certificate in English is difficult to obtain, translation by the student is acceptable.</p> <p>Also refer to the explanatory sheet "How to fill in No.28" contained in the "Application for Certificate of Eligibility", for the matrix table showing necessary supporting items by different methods of support.</p>
12_Written Oath for Defraying Expenses (if applicable)	<p>In the case where a student receives financial support from others and submits the bank balance certificate of other person(s), the Written Oath for Defraying Expenses must be signed by such bank account holder(s) and needs to be submitted. This will serve as proof that the signer understands and is committed to shouldering the expenses to be incurred by the exchange student.</p>
13_Scholarship Certificate in English (if applicable)	<p>If the student's living costs in Japan will be sponsored by any scholarship organization, a certificate to prove such a sponsorship (in English) will be necessary. Since there is no designated format, students may obtain their own format of the financial aid organization and send them to YCU.</p>
14_Certificate of Health in English	<p>This certificate should be filled out and signed by the examining physician. Please take the health examination within 3 months prior to your arriving date in Japan.</p> <p>The Chest X-ray examination can be omitted if a student opts to take a blood test (IGRA) and the results are negative. If the results are positive, Chest X-ray examination will become obligatory.</p> <p><i>Note: IGRA is "Interferon Gamma Release Assay" test which examines if a person is infected with tuberculosis (TB) bacteria.</i></p> <p>• <b>FAQs related to the Certificate of Health and Questionnaire Regarding Infection</b>  <a href="https://f-share.yokohama-cu.ac.jp/public/5eZhwTXN5wzT7Lx4c7yt1f7GcXWzJSU7PCMEb0Xki7VT">https://f-share.yokohama-cu.ac.jp/public/5eZhwTXN5wzT7Lx4c7yt1f7GcXWzJSU7PCMEb0Xki7VT</a></p> <p>• <b>Inquiry about "Questionnaire Regarding Infection":</b> <i>Please send all questions through MS Forms.</i>  <a href="https://forms.office.com/r/QEYEPjgLTT">https://forms.office.com/r/QEYEPjgLTT</a></p>
15_Questionnaire Regarding Infection (vaccination)	<p>Fill in your vaccination history as much as possible by referring to the past records. If you do not have information about the Lot No., please write "Lost" and the year of vaccination. If students have not taken the vaccination required, please complete vaccination before arriving in Japan. YCU Health Management Center has the following policy on infectious diseases on campus:</p> <ol style="list-style-type: none"> <li>(1) <i>New students are requested to be vaccinated against four types of infectious diseases: measles, rubella, chickenpox, and mumps.</i> <ul style="list-style-type: none"> <li>- <i>For measles and rubella: Regardless of medical history completion of two vaccinations is required. MR vaccine (Measles-Rubella combined vaccine) is also acceptable.</i></li> <li>- <i>For chickenpox and mumps: Regardless of medical history, one vaccination is recommended.</i></li> </ul> </li> <li>(2) <i>Since Universities are places where many students congregate, infectious diseases brought in by one individual will spread to the entire population easily. To protect the students from the disease and to prevent the spread of infection, your cooperation is appreciated.</i></li> <li>(3) <i>If you are prohibited from vaccination for medical reasons, please notify the Health Management Center with your doctor's note.</i></li> </ol> <p>• <b>FAQs related to the Certificate of Health and Questionnaire Regarding Infection</b>  <a href="https://f-share.yokohama-cu.ac.jp/public/5eZhwTXN5wzT7Lx4c7yt1f7GcXWzJSU7PCMEb0Xki7VT">https://f-share.yokohama-cu.ac.jp/public/5eZhwTXN5wzT7Lx4c7yt1f7GcXWzJSU7PCMEb0Xki7VT</a></p> <p>• <b>Inquiry about "Questionnaire Regarding Infection":</b> <i>Please send all questions through MS Forms.</i>  <a href="https://forms.office.com/r/QEYEPjgLTT">https://forms.office.com/r/QEYEPjgLTT</a></p>

## Tips and checklist: Application for Certificate of Eligibility (COE) to Immigration Services Agency

### Note and tips for smooth processing for the COE and student visa: How to get them faster?

- (1) Every year, we observe common mistakes and errors by the applicants in filling out the COE application. When we find these mistakes, significant time will be spent for fact-checking, making corrections and re-submission which requires frequent exchange of emails with the applicants. This will cause delays in securing the COE and student visa.
- (2) From our past experience, there are two major items which cause delay:
  - (A) **ID photo**: The Immigration Services Agency is very strict on the specification of the photo. Every year we experience a number of students' ID photos (**especially selfies taken by smartphone**) rejected by ISA due to insufficiency. If rejected, students will be asked to re-take the photo. We strongly recommend you to use professional photo shop to take your ID picture and satisfy the ISA's specification.
  - (B) Incompleteness of the Application's question No.28 "Methods of support to pay for expenses while in Japan", attached Bank Balance Certificate, and Written Oath or Defraying Expenses. In answering question No.28, follow the instructions in the "Sample" sheets and "**How to fill in No.28**", which are inserted in the EXCEL format.
